Message from Our President & Executive Director

Sean Shore, President

Emily Shane, Executive Director

This past year we have probably witnessed one of the greatest economic declines in our lifetimes and perhaps our children's lifetimes.

As a social service agency, we have witnessed how this downturn in the economy directly impacted both our stakeholders and beneficiaries.

With this backdrop in mind we would like to take this opportunity to report to you the details of the agency's accomplishments from the past year and furthermore to elaborate on how your support allows us to positively affect the lives of so many individuals and families notwithstanding the economic instability we have all recently faced.

It has been over 10 years since Jewish Child and Family Service moved to the Asper Community Campus. The move increased the agency's capacity, efficiency and effectiveness as a service provider. As a result, during this period the number of cases served on an annual basis by the agency has more than doubled translating to over 5000 individuals whose lives have been positively impacted by the agency. This could not have happened without the generous support of our funders and donors, like you.

This statistic however does not tell the whole "tale of the tape". Not only is it important to evaluate the agency's quantitative contribution to the community in terms of "number of clients served" but it is also important to examine the qualitative nature of what the agency accomplishes on a day to day basis. This would include, for example, the increase in the complexity of some cases handled by the agency and the fact that, due to the current economic climate, more and more of the agency's clientele are in need of financial assistance. On this point, the agency would like to specifically thank the generous support of the Asper Helping Hand Initiative, the Eve and Harry Vickar Community Assistance Program, the Reiss Fund, and the Tzedakah Fund all of which played a critical role in helping the agency meet additional demands.

In addition to the agency's day to day activities, the agency, along with the Board of Directors, continues to evaluate its governance model. This commenced several years ago under the leadership of Pam Wener culminating in the introduction of new by-laws last year. This year the Governance Committee has focused on streamlining the entire committee structure.

As we look back at the last 12 months we can take pride in our accomplishments and be emboldened by the fact that we have the spirit and energy to address the challenges that lie ahead. We have seen the deepening of our clients' financial and social needs as a result of the current economic climate, and have found, with much appreciation, a corresponding intensity in the community's commitment to support our work.

Despite increasing community needs, we have been able to serve our clients efficiently and with dignity and respect because of the relationships we have nurtured with our generous donors, government, foundations and other human service agencies. We will continue to provide support and assistance to allow people to live fulfilling lives whether they face the challenge of aging, marital discord, disability, isolation or cultural adaptations.

The agency will continue to adapt and respond to the needs of our community, to support children, adults and families as they face life's challenges. We are truly committed to never being complacent. We could not do this without your support and we thank you for your unqualified assistance which helps us positively affect the lives of individuals and families in our community.

Sean Shore
President

Emily Shane
Executive Director

Deficit Repayment (Surplus)	<u>1,630</u>

\$ 2,299,540

Service Area Highlights

COUNSELLING

This year was highly productive in helping many families and/or individuals through counselling supports. The **Counselling** program assisted **323** families and/or individuals. **Twenty-five** of those were newcomer families who received language specific services in the counselling area.

JCFS is proud to have supported **8** clients through our counselling service arrangements with Animikii Ozoson Child and Family Services Inc. and Opaskwayak Cree Nation Child and Family Caring Agency, two Manitoba First Nations child welfare agencies.

Supportive groups continued to be offered at the agency. In partnership with Hospice and Palliative Care Manitoba, JCFS ran the **Taking Steps: Bereavement Walking Group** twice this past year. The agency also offered a new bereavement group, **Taking Steps: Survivors Of Suicide Bereavement Walking Group**.

COMMUNAL MENTAL HEALTH

The **Communal Mental Health Program** supported and assisted **152** Jewish individuals living with psychiatric differences and/or their families. The program welcomed an additional staff as a new mental health worker. For most of the year, the program maintained a 6-8 week waiting list, with more stabilized cases receiving less service than did more urgent situations. In combination with the Older Adult Services program, JCFS will begin to focus on the unique needs of seniors in our community also living with mental illness.

The “**Chaverim: Building Wellness for Mental Health**” group has continued to grow over this past year. This holistic mental health wellness group now meets on a weekly basis and continues to offer social, cultural, spiritual and physical recovery programming goals of clients. A fitness component has been added in partnership with the Rose and Max Rady Jewish Community Centre.

RESETTLEMENT/INTEGRATION

JCFS acts as the regional arm of Jewish Immigrant Aid Services of Canada (JIAS), a nationally based organization whose mandate is to serve Jewish immigrants and refugees to Canada. JCFS **Resettlement staff** assisted **323** families with their immigration needs and **95** families with their pre-migration needs. Many of these families were initially welcomed to the community through the Jewish Federation of Winnipeg’s Grow Winnipeg initiative.

The community continues to see a consistent level of immigration for the last several years. We welcomed **127** new families with **416** people to Winnipeg. This year 94% of the families received were from Israel, and the majority of those originated from the former Soviet Union.

JCFS **Integration staff** continue to assist families in becoming part of Canadian community life by connecting families to various community organizations or services and by offering many social, cultural, educational and instructional programs.

This year, workshop topics have included: English as an Additional Language (EAL) classes for Russian seniors, EAL for young women, income tax information, first time homebuyer information, money management seminars, a series of employment seminars, as well as holiday programs, brit milahs, bar/bat mitzvahs, and an empowerment group for newcomer women.

This year JCFS added a Newcomer Integration Employment Services position. Alongside Integration, the work area focuses specifically on supporting the employment needs of newcomers to our community by assisting them in becoming job ready. This includes both direct supports and referral to other employment service agencies.

OLDER ADULT SERVICES

This past year has been a productive one for the Older Adult Services program, assisting **427** individuals and/or families. In addition to the one-to-one involvement we provide, our group programs continue to be a strong source of support to seniors. **Social Connections** is an ongoing group for individuals with early stage memory loss. **10 to 12** individuals regularly attend this group. The purpose is to provide social contact and intellectual stimulation for clients on a weekly basis and provide respite for family caregivers. This spring we held a woman's support group entitled **Taking Charge** in which **9** women participated. Here issues were addressed concerning life changes, self esteem, and forming new goals and social networks.

This year, through a grant provided by the New Horizons for Seniors Program, we are developing programming in partnership with the Congregation Etz Chayim. The project, Generations Together: Enhancing Mind, Body & Spirit brings isolated seniors back into community activities and community life. This year-long project offers a series of intergenerational programs which are social, cultural and educational in nature.

The **Tallman Fund** has enabled us to extend transportation for clients in a number of ways. It has ensured all of our clients' transportation to all of our group programs. On an individual basis, clients have been assisted with transportation to meet their individual needs for accompanied errands and appointments on a much broader scale.

Older Adult Services workers and our case-aide have been actively involved in a wide range of situations as the needs of seniors in our community continue to grow. Whether the issues are related to changes in physical or mental health, housing, emotional support or assistance to family, workers are readily available to be involved through regular home visits, etc. Social work students enhance the program through their involvement in our field placement program in conjunction with the University of Manitoba.

Support Services To Holocaust Survivors

This specialized service offers support, counselling and information to individuals, couples and families. Assistance with applications for Holocaust Claims for reparation and related issues continue to be provided on a regular basis to a large number of individuals and/or families.

“**Reaching Out**”, a drop-in group, is held every other week. Consisting of **26-30** regular members, this program offers discussion, entertainment and ongoing socialization. A highlight, again this year, was having the grade 10 students of Gray Academy of Jewish Education return to participate in some interactive programming with the seniors.

VOLUNTEER SERVICES

Through JCFS, clients are matched with volunteers of all ages and varying backgrounds. Students, retired individuals, professionals and people from all walks of life contribute their time, talent and energy as JCFS volunteers.

Volunteers provide support to clients as friendly visitors, accompanying isolated seniors for coffee or a ride in the park. Grocery shoppers and van drivers take clients to purchase their groceries or do the shopping for them. Daily “shalomers” provide an ongoing friendly contact, which gives isolated seniors a connection with a person who is looking out for their security and well-being. Big brothers/sisters are positive role models for young children. Proctors are advocates for our clients with mental health issues. Tutors and host families help newcomers to acclimatize to their new life in Winnipeg. Administrative volunteers provide assistance in our office in a variety of areas.

Please see our complete list of volunteers in this report.

Partnerships In Caring

- **Machon Madrichim** – A Jewish youth leadership program which focuses on developing young leaders with a deep sense of commitment to the Winnipeg community, the State of Israel, and core Jewish values and traditions. This new initiative is generously funded by the Winnipeg Jewish Federation and the Dorothea Gould Foundation. With planning and organizing completed, this program for students in grades 10 and 11 started in September 2008. The organizing committee is represented by JCFS, the Gray Academy of Jewish Education, Rose and Max Rady JCC, The Jewish Federation of Winnipeg - Grow Winnipeg, the Shaarey Zedek and Etz Chayim Synagogues, and a number of interested community volunteers.
- In cooperation with BBYO, the agency provided home visits and safety checks for seniors in helping them complete the *ERIK* (Emergency Response Information Kit) forms. This valuable initiative is designed to insure the safety and well being of seniors.
- **Friendship Circle** is a cooperative program with Chabad-Lubavitch in which volunteers are paired with foster children in an effort to ensure that the children will have exposure to Judaism. **Ten** volunteers are involved in this program.
- **Fighting Against Domestic Violence and Abuse**
Domestic abuse is a pervasive societal issue that affects the Jewish community with equal incidence rates as in the general community. This year the agency reached out to support **ten** Jewish women facing domestic violence and abuse in their homes. As a result half of these women left their homes.

In partnership with Jewish Women International the agency enlisted the support of community organizations by starting the **Jewish Community Task Force for Ending Violence against Women**. This task force is made up of various organizations including: local synagogues, Gray Academy of Jewish Education, Gwen Secter Creative Living Centre, Chabad Lubavitch, National Council of Jewish Women, the Rady JCC, BBYO, and the Jewish Federation of Winnipeg (including J-Peg, JSA/Hillel, Machon Madrichim).

In November 2008, Penny Krowitz, Executive Director of Jewish Women International Canada, visited Winnipeg to facilitate meetings and provide educational sessions for community professionals and lay leaders. The task force will continue to work at increasing awareness and sensitivity in our community about domestic abuse in the Jewish community.

▪ **JACS (Jewish Alcoholics, Chemically Dependent Persons and Significant Others)**

In response to rising trends of more Jews in our community willing to accept addiction recovery services and requests from community members for culturally specific recovery opportunities, JCFS supports the newly formed Winnipeg chapter of **JACS (Jewish Alcoholics, Chemically Dependent Persons and Significant Others)**. JACS Winnipeg has been running **Jewish 12-step meetings** once per week at JCFS since August 2007. Through the support of grants and donations, **5** JACS Winnipeg members attended JACS Retreats in New York and Toronto as part of their continuing education and development to better outreach to and assist local community members dealing with issues of addiction.

CHILD WELFARE

Jewish Child and Family Service is fully mandated under the *Child and Family Services Act of Manitoba* to provide child welfare and protection services for Jewish children and families in the province. The **Child Welfare** program worked with **81** families on either a voluntary or involuntary basis.

This past year the agency cared for **22 foster children** from our community. **Seventeen** of these children were cared for within the **6 foster homes** licensed by JCFS. **Three** resided in group homes and **2** continue to be supported as young adults in independent living.

The agency continues to strive to maximize the development of strong Jewish identity in our foster children through activities such as **Friendship Circle**, a partnership program with Chabad-Lubavitch of Winnipeg where young Jewish volunteers mentor our foster children in the area of Jewish culture. **Four** of our foster children attended Gray Academy of Jewish Education. Gray Academy has been very supportive in meeting the educational, social, cultural and special needs of these children. The Jewish day and residential camps have also been strong partners in accepting and meeting the needs of Jewish wards, as part of the collective communal responsibility for raising these children.

The **Child Welfare** program faces challenges in identifying Jewish families requiring child welfare supports. This also impacts the ability of our community to identify Jewish children in the general CFS system who are in foster care or in need of foster care, and to ensure that their cultural needs are met. Restructuring of the provincial child welfare system created a single centralized intake agency serving all of Winnipeg, including JCFS. JCFS staff continue to work diligently to sensitize and educate this general system as to the unique needs of Jewish families and the resources available in the Jewish community. The goal is to ensure that Jewish children feel a strong connection to their community.

The JCFS **Adoption** program was actively involved this year working with **9** families. The agency was successful in placing **two** beautiful newborns from the United States.

Post Adoption Services

In an attempt to reconnect with their birth families, the Agency provided **9** adult adoptees with information about their birth family histories and also provided access to the Manitoba Post Adoption Registry.

CHAPLAINCY

This year, the **Chaplaincy** program provided **2220** visits to hospital patients, nursing home residents, residents in correctional centres and other residential facilities. In addition, **170** hours were spent conducting group programs for Shabbat and holidays such as Succoth, Chanukah, Purim, Passover, etc.

The program has been challenged by stricter adherence to privacy legislation within health care facilities. This has impacted the community chaplain's ability to access Jewish patients in those facilities. There has also been an increase in the number of Jewish residents in non-Jewish personal care homes. The community chaplain has spent increasing amounts of time meeting the pastoral care needs of those Jewish residents.

FINANCIAL AID

This year **495** individuals and families received short-term emergency financial assistance with **\$56,750** distributed as financial aid.

JIAS Canada provided **\$36,715** in financial assistance for Jewish newcomers to our community. **Seventy-eight (78)** families benefited from this assistance.

The Asper Helping Hand Initiative

The Asper Helping Hand Initiative (TAHHI), an interest free loan program, is now in its sixth year of assisting members of the Jewish community of Manitoba who are experiencing temporary financial hardship. Funding for this program is supported generously by The Asper Foundation.

To date, TAHHI has advanced over **\$249,000** assisting **83** individuals and/or families in need. These loans have assisted **students** with paying for their university tuition, **newcomers** with various resettlement expenses, **single parents** with catching up bill payments and **first-time homebuyers** with covering expenses related to their home purchase.

Total loans advanced - \$249,400 - 83 loans

2003 - \$17,200
2004 - \$25,500
2005 - \$53,900
2006 - \$65,800
2007 - \$40,000
2008 - \$42,000
2009 - \$ 5,000 (to April 30, 2009)

The Eve And Harry Vickar Community Assistance Program

The Eve and Harry Vickar Community Assistance Program (VCAP) was launched in January 2006. This program is designed to support Jewish individuals and families facing significant financial challenges. It has been established with the generous support of the L. Kerry Vickar Charitable Foundation as a designated gift through the Jewish Federation of Winnipeg. This program is designed to make a significant difference in the lives of Jewish individuals whose daily struggles due to financial constraints impedes their full participation in Jewish community life and in society generally.

To date (to March 31, 2009), The Eve and Harry Vickar Community Assistance Program has distributed over **\$197,000** assisting **74** individuals and/or families faced with major financial challenges.

Tzedakah Fund

Through the Jewish Foundation of Manitoba **23** individuals and families were provided with an interest free loan to help with basic needs. **\$18,480** was distributed through the Tzedakah Fund this year.

MOIS CHITIM

This year **252** Jewish individuals and families received assistance through a community-wide campaign which solicits funding to help those who find it a hardship to meet the extra costs of Passover. **One Hundred, twenty-nine** Passover food hampers were distributed with the help of Gwen Secter Creative Living Centre, the Manitoba Transit Heritage Association and J-Peg (Jewish Federation of Winnipeg's 25-45 year olds). **532** individuals contributed to Passover Assistance this year. A complete list of contributors can be found in this report.

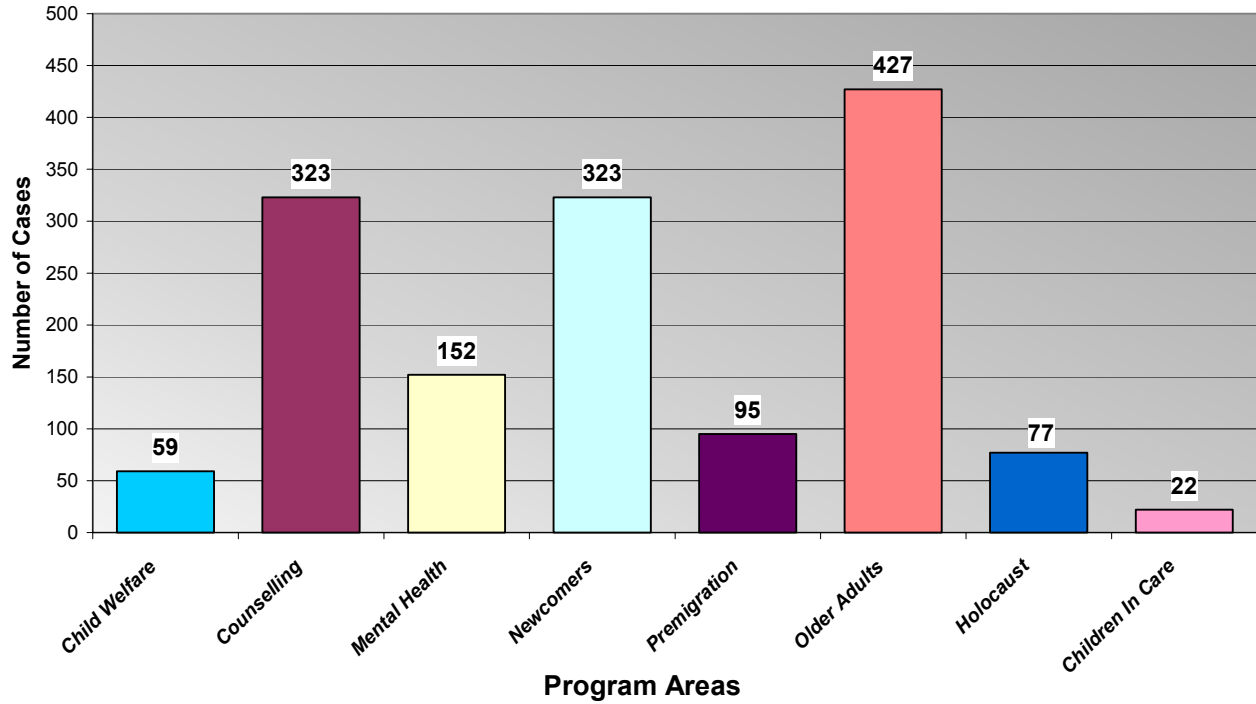

STUDENT TRAINING

Jewish Child and Family Service provides field instruction for the University of Manitoba Faculty of Social Work and the Wurzweiler School of Social Work, Yeshiva University. JCFS offers students a unique opportunity to work in a family-based agency. Because of its cultural orientation, the Agency has gained a reputation as an interesting field placement. This past year we offered field instruction to **two** University of Manitoba students who had an interest in learning about the multi-faceted approach to social services offered by JCFS.

INFORMATION & REFERRAL

Every year we receive **hundreds** of requests for information on available social service resources and programs in the community. The Agency also distributes the names of homemakers and keeps a registry of available homes for emergency placement.

Long Time Service Awards

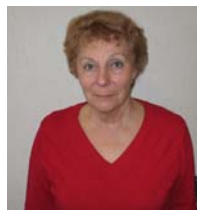

Five Years of Service

David Silverman

Mr. Nice Guy - David Silverman began helping isolated seniors do their grocery shopping five years ago. His wonderful smile and easy going sense of humour give the seniors he works with a great lift in their spirits - which goes a long way. By grocery shopping several times a week, David has contributed a great deal to the quality of life of three of our clients. David is very modest about the work he is doing as a volunteer but we appreciate his involvement and steadfast commitment to assisting those who need a helping hand.

Alexandra Skouratova

Alexandra immigrated to Canada from the Former Soviet Union in 1990. Five years ago she decided she wanted to reciprocate in appreciation for the assistance she received as a newcomer. She has become involved in the community by helping seniors with their grocery shopping. Alexandra has been a wonderful friend, companion and helper to many seniors in our community. Throughout the years she has built a number of strong, trusting relationships with the elderly clients she has met. Her new friends have been very appreciative of her help and assistance.

Sari Yakubovich

When Sari contacted the agency to inquire about volunteer work she expressed her interest in - “giving something back to the community and also helping children by brightening their days.” Sari was initially matched as a big sister for a youngster whose family had recently immigrated to Winnipeg. Her second placement was with a girl whose father had passed away. In both cases Sari did brighten their lives by spending time enjoying movies, recreational activities, dining out and having lots of fun together. Sari is the kind of person that people love to be with. Her ability to accept others as they are, to relate sensitively to a wide range of individuals and to thoroughly delight in the essence of each person makes Sari the special person that she is. Thank you for making a difference in the lives of the youngsters you have been involved with.

Ten Years of Service

Sofya Paradny

Sofya has contributed to our Immigration program and has assisted our EAL (English as an Additional Language) classes for newcomers who are seniors. Twice a week for the past ten years, she volunteers helping the seniors improve their speaking, pronunciation and listening skills. Sofya's warm and supportive presence creates a welcoming environment for new immigrants who are resettling in our community.

Claire Peltz

For the past 10 years Claire has been involved with a number of agency service areas. Her participation with the Mental Health program, assisting seniors as well as helping the elderly with transportation and escorting clients to doctors' appointments and other errands has been invaluable. Claire considers volunteering in the community as a way of enriching her own life. We are deeply appreciative of her dedication and commitment to helping others.

Twenty Years of Service

Frank White

It is not every year that we have an opportunity to thank an individual for twenty years of involvement in the JCFS volunteer program. Frank has been a dedicated supporter of the agency and a positive asset to our community. We will remember his assistance after the 1997 *Flood of the Century*. His talented hands built the mobile menorahs which have been used over the years to bring the miraculous light of Chanukah to patients in the hospital. Frank has also been available to escort seniors to doctors' appointments or to deliver groceries to the elderly. For two decades, Frank White has been a committed and generous volunteer. We are very thankful for his devotion and willingness to help in so many special ways.

A Big Thank You
